Age of Learning was founded in 2007, led by a team of successful technology entrepreneurs and education experts who worked for nearly four years developing the revolutionary ABCmouse Early Learning Academy, a comprehensive, supplementary digital curriculum. Launched in November 2010, ABCmouse quickly became the leading digital learning resource for young children, serving millions of families and teachers and winning numerous awards from education and parenting organizations.

About ABCmouse.com

ABCmouse.com Early Learning Academy is the leading and most comprehensive digital learning resource for children ages 2–8. ABCmouse provides young learners, their families, and teachers with highly engaging and effective learning tools and a comprehensive supplemental curriculum that builds a strong foundation for academic success. Available on computers, tablets, and smartphones, ABCmouse is a standards-based and research-validated program with more than 5,000 high-quality learning activities. Our Step-by-Step Learning Path presents the ABCmouse curriculum in a carefully designed sequence of more than 850 lessons in 10 levels, with two levels for each grade, preschool, kindergarten, first grade, and second grade. As children complete each lesson, they are guided to the next one and motivated to continue improving by the ABCmouse Tapes and Rewards System. Children can also complete learning activities independently of the Step-by-Step Learning Path, or learn through custom lessons created by their parents or teacher.

ABCmouse for Schools Enterprise-Level Solution for Districts and School Chains

ABCmouse for Schools provides enterprise-level tools and resources to implement and manage ABCmouse across an entire school district or chain of schools. Our solution offers student management, teacher training curriculum alignment, data analysis, and progress reporting. Home access to the full ABCmouse Early Learning Academy is available to help strengthen the critical school-home connection and reinforce classroom learning. With ABCmouse for Schools, we partner with schools to ensure fidelity of implementation, so each school can successfully integrate ABCmouse into their or her teaching day. This includes systematic onboarding and implementation services, ongoing sales support and training to improve teaching and student results, teacher support and enterprise support for IT and school leadership to help ensure overall program success throughout the district or chain.
